

Printek Brand Ribbon **Benefits**

Printek ribbons will help keep your printer performing at its best, year after year. Testing has shown that non-Printek ribbons can reduce printhead life by up to **59%**. All Printek ribbons can be installed quickly, easily, and "mess-free" for virtually uninterrupted operation.

Extend Ribbon Life

Printek ribbons are made with the highest quality inks and ribbon fabrics available. This translates into:

- A lower cost per character
- Fewer ribbon changes
- A print life of 23 million characters with the FormsPro and FormsMaster ribbons, and 15 million characters with the PrintMaster ribbon

Keep Costs Low

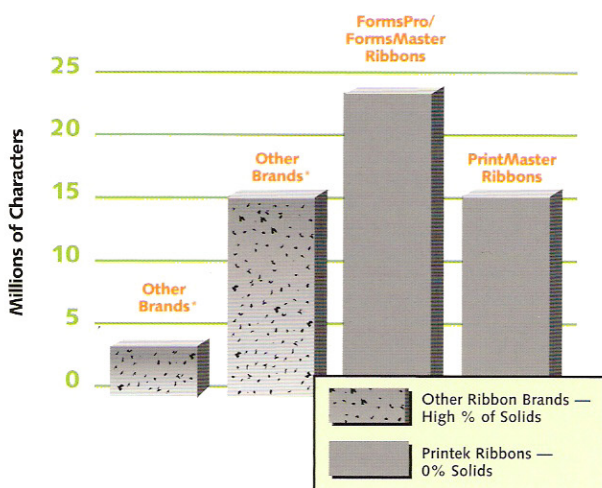

Keep your printer costs low by using Printek brand ribbons. Only Genuine Printek Ribbons keep your Printek printer performing at its best year after year. When you use Printek ribbons, you take advantage of these exclusive benefits:

- A two-year warranty on any Printek printer printhead at no additional cost
- More than 50 percent longer ribbon life
- Printhead life extended by up to 50 percent
- Quick and easy ribbon installation
- A ribbon-wear indicator feature in the FormsPro and FormsMaster printers that lets you know when it's time to change the ribbon

Prevent Printhead Damage

Using Printek ribbons prevents premature wear of the printhead and ensures your printhead a two-year warranty at no additional cost.

Printek ribbons prevent the buildup of solids, which translates to a "cleaner" character strike and less damage to the printhead.

*Other ribbon brands only have a print life of 3 to 15 million characters.
